CONSTRUCTIONS

13.05.20	8.30 p.m.	Client-side Project Manager	Unspecified	Site	Concern of out of hours work being undertaken.	13.05.20 at 8.30 p.m.	The planning minister issued an executive exception to the construction industry during the month of April and May allowing 24hour construction to be undertaken under Health Orders (COVID-19). RCC adjusted work methodologies to the works undertaken out of normal working hours work to mitigate any disruption.
28.03.20	9:30 a.m.	Senior Site Supervisor/Gatemen	Unspecified	Gate 1	Noise from the use of the truck wash down high-pressure washer at Gate 1 Louisiana Road.	28.03.20 at 10.53 a.m.	RCC provided confirmation that the use of high-pressure washer is to clean down tyres pre vehicles leaving site. RCC have responded by putting forward a noise logger at the gate & monitor the situation. Quieter high-pressure washer organised.
05.02.20	1.12 p.m.	LHD	Unspecified	Hospital Campus	Incorrect delivery route and process	05.02.20 at 3.20 p.m.	RCC provided notification sent to contractors of delivery processes and issued a breach of protocol to supplier. Monitoring and advice provided to all site contractors. Supplier has since been removed from project
24.01.20	2.00 p.m.	Client-side Project Manager	Unspecified	Site	Concern raised of plant equipment onsite was being used prior to 7.00 a.m.	04.02.20	RCC have undertaken noise monitoring on site on 29.01.20. Results reviewed and response provided to resident by Client-Side Project Manager
